“

Having **5+** years of experience in front end web development, I am always passionate about design and development combination. The front end is something I admire every day and try to learn something new every time.

I love learning. I always spend time reading or learning a new skill (Piano 🎹 is something exciting me nowadays)

PROJECTS

Besides work, I love to build some projects for fun in my free time, which enhances my skills and be up to date with the trend. [Click here for few such projects.](#)
